

## Pack Inquiry Meetings

The dates for the public meetings Brian Pack is to hold, as part of his Inquiry into Future Support for Agriculture in Scotland, have been announced.

The meetings are being held as part of the consultative phase of the Inquiry and will take place at various locations across the country following publication of the Inquiry's interim report next week.

Mr Pack said:

“These meetings will give me the opportunity to explain the thinking that has gone into the interim report and to listen to the views of individual farmers and industry organisations. Those views will play an important part in shaping the final outcome of the Inquiry and I would encourage as many people as possible to get along to their local meeting”.
