

WIDE HORIZONS

FOR INDIVIDUALS INTERESTED IN LOCAL FOOD & DRINK SECTOR

- Understand key concepts and values of social enterprise
- Develop entrepreneurial skills and hands-on experience
- Explore the potential impact of the local food & drink sector
- Gain an Institute of Leadership & Management (ILM) qualification

9 DAYS | SKYE | STARTS 26 MAY 2014 | FULLY FUNDED

WIDE HORIZONS

AN ENTERPRISE TEAM CHALLENGE

This programme is an opportunity for young people interested in the local food and drink sector, to take part in a team challenge in developing a social enterprise - this is a business, like any other, but the profits go to a good cause.

Wide Horizons is a practical programme where you and a group of other young people will together decide how and what your business will trade.

We will support you to build on your business knowledge and entrepreneurial skills to make your enterprise a reality.

DURING THIS PROGRAMME YOU WILL:

- Learn how to start a business and how to put together a business plan
- Develop your understanding of local food & drink production and how it might apply to your community
- Grow in confidence whilst contributing to a team and doing things you never thought possible
- Receive support and insight from an established social enterprise in the community
- You can get a qualification with the Institute of Leadership & Management (ILM)

LEARNERS

This programme is for young people aged 16 - 24, interested in localising food or drink production, processing or retail.

This interest may be inspired by you already working in the sector, your interest in the local food agenda or your studies at school or college.

"I felt I knew nothing about social enterprise when I arrived. When I left I knew where we could use social enterprise within our community."

MAIRI BROWN
